

FUEL SURCHARGE CHART ON MATERIAL

Reference chart to calculate the fuel surcharge on material

Due to the instability of oil prices, we have been forced to adopt a fuel surcharge policy on material costs. This surcharge is applicable on material costs.

Terminal rack prices \$	Surcharge \$/unit
0.89	0,03 \$
0.90	0,06 \$
0.91	0,09 \$
0.92	0,12 \$
